

Angelika Film Center

BEST IN DFW AWARDS

The Angelika handles the lion's share of major art house releases from the likes of Fox Searchlight and Sony Pictures Classics. It's also a popular venue for local film festivals, including the Dallas International Film Festival and the USA Film Festival. The theater will also slide in the occasional blockbuster to draw in a broader audience, and it programs major re-releases with new prints, such as *Grand Illusion* and *The Graduate*. *From staff reports*
